JOURNAL OF THE BRITISH GRASSLAND SOCIETY VOLUME 17, 1962

CONTENTS

NUMBER 1

	Page
Presidential Address. *James T. Kernohan*	1
Changes in the Characters of Lucerne Varieties when Grown for Seed under Conditions Differing from those of their Country of Origin. *A. Zaleski*	7
The Yield and Uptake of Phosphorus by Grasses and Clovers. I. The Effect of 'Acetic Soluble', 'Residual' and 'Placed' Phosphorus. *W. Lloyd Jenkins*	17
Grazing Management for Dairy Cattle. *W. Holmes*	30
The Influence of Several Factors in Determining the Grazing Behaviour of Border Leicester × Merino Sheep. *G. W. Arnold*	41
The Effect of Stocking Density on the Productivity of Yearling Female Sheep. *S. J. Cowlishaw*	52
Growing Hops in Grass. *H. G. Chippindale and F. C. Thompson*	59
International Development of Grazing and Fodder Resources. X. Tunisia. *M. Thiault and N. C. Keulemans*	67
Comparisons of Grass Varieties for Surface Seeding Upland Pasture Types. III. *Calluna* **Heath. IV. General Discussion.** *R. Hughes and I. A. Nicholson*	74
Advance Notes on Research: Herbicides to Aid Pasture Renovation. *Lewis Jones*	85
Letter to the Editor. *P. T. Thomas*	86
Book Reviews	87

NUMBER 2

An Electronic Instrument for Pasture Yield Estimation. *A. G. Campbell, D. S. M. Phillips and E. D. O'Reilly*	89
A Note on the Use of the Power Driven Sheep-Shearing Head for Measuring Herbage Yields. *F. E. Alder and J. A. Richards*	101
Anthills and Termite Mounds in Pastures. *A. S. Thomas*	103
The Effect of Method of Sowing on the Establishment of Grass Seed Crops. *D. H. Peto*	109
The Performance and Survival of Contrasting Natural Populations of White Clover when Planted into an Upland *Festuca/Agrostis* **Sward.** *R. W. Snaydon and A. D. Bradshaw*	113
Defoliation and Manuring of Perennial Ryegrass (S24) for Seed Production. *Gwilym Evans*	119
Productivity, Persistence and Response to Nitrogen of Italian Ryegrass Varieties. *I. V. Hunt*	125
Grassland Recording—An Aid to Management. *J. A. Bancroft-Wilson and F. J. Orton*	130
Silage for Dairy Cows. *J. C. Murdoch*	133
The Feeding Value of Silage and Barn Dried Hay. *S. Culpin*	138
Recent Developments in Quick Haymaking Techniques. *G. Shepperson and J. K. Grundey*	141
Developments in Methods of Barn Hay Drying. *C. Culpin*	150
Advice Note on Research: Animal Preference in Relation to Chemical Composition and Digestibility with Varieties of Cocksfoot. *B. F. Bland and J. W. Dent*	157
Book Reviews	159
Statement of Income and Expenditure 1961	162

NUMBER 3

The Production of Winter Grass from a Row Crop of Cocksfoot and Lucerne. *D. W. Cowling*	161
Gülle as a Grassland Fertilizer. *J. B. D. Herriott and D. A. Wells*	167
The Use of Grazing-Animal Observations in the Early Stages of Pasture Evaluation in the Tropics. I. The Measurement of Relative Palatability. *A. D. H. Joblin*	171
A Preliminary Note on the Effect of Paraquat on Seed Crops of White Clover. *T. F. Blood*	178
Copper, Molybdenum, Manganese and Iron Contents of Herbage as Influenced by Fertilizer Treatments over a Three-Year Period. *R. G. Hemingway*	182
Grassland Development in the Fertile Crescent of Uganda. *K. W. Harker*	188
Observations on Damage to Grassland in East Yorkshire by Larvae of the Common Leaf Weevil, *Phyllobius pyri* **L. and Notes on its Biology.** *W. J. Bevan*	194

Page

The Yield and Uptake of Phosphorus by Grasses and Clovers. II. Effect of Species, Variety and Stage of Growth. *W. Lloyd Jenkins* .. 198
The Effect of White Clover, Fertilizer Nitrogen and Simulated Animal Residues on Yield of Grassland Herbage. *R. Holliday and D. Wilman* .. 206
The Economic Aspects of Fodder Conservation. *R. G. Mortimer* .. 214
The Yields of Lucerne Varieties in West Wales. *W. Ellis Davies and B. F. Tyler* .. 218
The Role of Cocksfoot (*Dactylis glomerata*) in Grassland Husbandry in Britain. *G. Pearson Hughes* .. 225
Advance Note on Research: Establishment of Rape in Grass Swards by use of Sod-Seeder and Herbicides. *John L. Hammerton* and *R. J. Johnson* .. 229
Book Reviews .. 231

NUMBER 4

The 'Mat' of Hill Swards. *Arthur Troughton* .. 233
The Influence of Ley Management on Earthworm Populations. *G. W. Heath* .. 237
Pasture Development in the Beef Cattle Regions of Argentina. *H. S. Hawkins and C. M. Donald* .. 245
A Quantitative Analysis of Germination and Early Seedling Growth in Perennial Ryegrass. *R. C. Anslow* .. 260
Soilage for Beef Cattle. *A. E. M. Hood* .. 264
The Effect of Type of Concentrate on Milk Production when Silage is the Only Roughage Offered to Cows. *J. C. Murdoch* .. 268
The Use of Grazing-Animal Observations in the Early Stages of Pasture Evaluation in the Tropics. II. The Measurement of Pasture Consumption. *A. D. H. Joblin* .. 274
The Effect of White Clover and Nitrogenous Fertilizer on the Production of a Sward. II. Seasonal Production. *D. W. Cowling* .. 282
International Development of Grazing and Fodder Resources. XI. India (Sequel). *R. O. Whyte* .. 287
Distribution of Coumarin and Related Compounds during Leaf Growth and Development in *Anthoxanthum* Species. *E. G. Davies, W. M. Ashton and M. Borrill* .. 294
The Appraisal of Grass Varieties by the Study of Spaced Plants, 1950-58. *J. R. Thomson and W. G. Sutton* .. 300
The Yield and Composition of Lucerne, Grass and Clover under Different Systems of Management. IV. Further Studies on the Effect of Frequency of Cutting Lucerne and Lucerne Grown with Grass. *W. Ellis Davies and B. F. Tyler* .. 306
The Use of Forage Harvester in the Improvement of Rough Grazing. *H. G. Chippindale and T. H. Davies* .. 315
The Control of Marsh Horsetail (*Equisetum palustre*) by Cutting with a Flail-Type Forage Harvester. *T. F. Blood* .. 322
Book Review .. 323
Author and Subject Indexes .. 324
